RE: Advisory Committee on Online Access and Security - Nomination, P004807

CommerceNet would like to nominate Kaye Caldwell, CommerceNet's Public Policy Director, to serve on the Advisory Committee on Online Access and Security.

Among her many policy related activities, Ms. Caldwell has served as member of the California Joint Legislative Task Force on Personal Information and Privacy Advisory Committee, a member of the California Secretary of State's Digital Signatures Task Force, and an Official Observer to National Conference of Commissioners on Uniform State Laws Drafting Committees on the Uniform Computer Information Transactions Act as well as the Uniform Electronic Transactions Act. She is also a member of the California Secretary of State's Task Force on Internet Voting.

Ms. Caldwell is the recipient of the 1999 Software Development Forum's Visionary Award for pioneering efforts to make government more receptive to the software and ecommerce industries. The SDF Visionary Awards honor industry leaders for their vision, leadership and innovation. Ms. Caldwell is the author of CommerceNet's monthly Public Policy Report.

CommerceNet is a unique, not-for-profit market and business development organization. Our mission is to make electronic commerce easy, trusted, and ubiquitous. Ms. Caldwell's interests on the Advisory Committee would be to advance that mission on behalf of CommerceNet's members. Ms. Caldwell would have access to the technical resources of CommerceNet staff and members should they be required for the work of the Advisory Committee.

For further information please contact:
